

## **Gregory C. Slack**

### **Statement of Interest**

I am pleased to have been nominated for the 2010 Region II Chair position. Over the past 5 years I have been active in NCURA. I have consistently attended and participated in national and regional meetings and served as the Chair for the 2009 Spring Meeting Program Committee. NCURA has been an invaluable resource to me; I have networked with others in similar roles and have found support and solutions for many on the job issues. This organization brings relevant and important issues to the attention of research administrators and provides a forum for open discussion of the challenges that face today's Research Administrator.

I would be honored to serve as the 2010 Region II Chair and would continue my commitment and support of the goals of NCURA.

### **Bio**

#### **Greg Slack**

**Director of Research and Technology Transfer  
Clarkson University  
Potsdam, NY**

Greg Slack is the Director of Research and Technology Transfer at Clarkson University. As director of the Division of Research and Technology Transfer, he oversees the administration and promotion of research activities at the University. Dr. Slack received his Ph.D. in Analytical Chemistry from Virginia Polytechnic Institute and State University, Blacksburg, Virginia. He earned a Bachelor of Arts degree from the State University of New York at Potsdam. He has over 13 years of experience in the pharmaceutical industry with positions in research and manufacturing at DuPont, Bristol-Myers Squibb and Wyeth Pharmaceuticals. Dr. Slack also has academic experience, serving as adjunct research assistant professor of Chemistry at Clarkson, adjunct professor at SUNY Plattsburgh and instructor of Analytical Chemistry at the University of Massachusetts, Lowell, Continuing Education program. He has authored or co-authored numerous publications and presented at professional conferences.
