

**NCURA Region II
Volunteer Opportunities**

“WE WANT YOU!”

We have heard from so many of you who are interested in volunteering for our region. Thanks for your willingness to volunteer, and we look forward to working with you!!

Please take a few minutes to let us know what volunteer opportunities most interest you and how you might like to help in the future. There are opportunities for jobs that involve big time commitments and for those that don't involve such big time commitments, but there is no such thing as a small contribution -- all volunteer activity is vitally important to the Region.
